

## **BROMLEY LTA FUNDED PROGRAMME APPLICATION PROCESS**

We recognise that an application to a funded programme at any Regional Venue is a complicated decision. Below is our selection process however there are some fundamental values we have that our important to us which we find make the process much more effective. These are:

- You and your children are assessing us just as much as we are assessing you during this process. Maybe more. It is a more impacting decision for you than it is for us.
- We have a selection process and will stick to it. However, we recognise that everyone is different. There is no time frame on our process because we know that some people will require longer in different sections. So please know that we know how important this decision is and we are very flexible during the process.
- Once the application process has begun, you will have ongoing access to Matt who runs the performance programme. We know that quite often questions form in the mind at that annoying time, 2 hours after the meeting finished!

### **Selection Process**

- Upon gaining a place on the LTA National Pathway List and receiving confirmation from the LTA National Coaches, players can apply directly to funded venues. You can apply to Bromley by sending Matt an email at [matt.smith@virtuslm.co.uk](mailto:matt.smith@virtuslm.co.uk). We recommend you apply at multiple venues and there are no rules to how many you can apply to.
- Have a chat on the phone and if everything feels good then an invitation to come and trial some sessions.
- Have a meeting to discuss all factors of the proposed programmes.
- Players will be invited for another session and during this time another meeting will be arranged with parents and our team to cover any addition questions or simply checking on progress.
- Parents will decide whether to formally apply or not. If applying, parents must write to Matt and officially apply for a place in writing.
- The outcome of the application will be communicated within 1 week at the longest. All decisions will be evidenced and clearly communicated. If successful a deposit of the first month's fee must be paid.

If you would like a chat about any part of the programme, please give us a ring 01689 880 407.
